July 2024

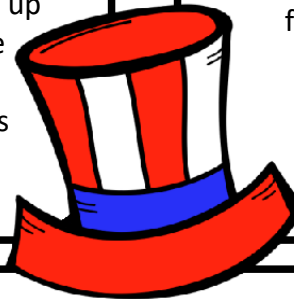

June Highlights

Summer is off to a great start! In June, we talked about the ocean and explored the different sea creatures that you might find living there. Children strengthened their fine motor skills as they cut and glued to create an octopus and jellyfish. We worked on color recognition as the children cast a line to see what color fish they could catch in our pond. We sang songs about swimming in the ocean and catching fish. Our favorite books this month were [An Octopus Followed Me Home](#) and [Rainbow Fish](#).

Looking Ahead

As we move into the month of July, we will focus the first week on the 4th of July. We will be putting together Fourth of July puzzles, creating flag collages, and making firework paintings.

The rest of the month we will be exploring nature through our camping theme. We will have a "campsite" set up in our room and learn about all the things you can do while camping and the animals that call the woods their home.

Upcoming Events

July 4th – Center Closed – Happy Fourth of July!

Water Play Days

Starting Friday, July 12th, weather permitting, we will have sprinkler fun out on the playground. Please send a swimsuit, towel, and shoes that can get wet if your child would like to participate in the water fun. For those children who do not want to play in the water, we will have outdoor bowling, golf, basketball, and many other fun activities.

Family Connection

As we are exploring all about nature and camping, a really enjoyable activity to do as a family would be to build a tent in the living room or pop the tent up in the backyard and have a picnic inside. As a family, pack up a bunch of tasty finger foods, some outside games, and have fun making memories without leaving your home.

If you have any questions, please feel free to contact me at aknapp@lakelandlittlelearners.com or by phone at 262-723-8391.
