

Lakeland's Little Learners  
April 2025  
Younger Two's News  
Ms. Cori & Ms. Haley

**Younger Two's Happenings**

In March, we had so much fun learning about the many different people in our community that help us daily. The children enjoyed learning about and playing the different roles of veterinarians, restaurant workers, firefighters, mail carriers and more!

The first part of April we will be looking for signs of spring. The snow was fun, but we are SO READY! We will be starting a plant from seed to tend to it and watch how it changes and grows.

The rest of the month, we will be taking a GOOOOOOOOOD look at dinosaurs!

**This Month's Theme**

- ❖ Spring
- ❖ Dinosaurs

**Family Connection Activity**

Spring is here and with it comes warmer weather (we hope!). A great activity for you and your child to do, is just simply going for a walk.

Verbal skills are very important for a young two-year-old, and talking with them about whatever you see is a great way to help your little one to learn new words.

While on your walk, talk about things like; how the trees are budding, the birds that you see and hear, as well as the grass beginning to change colors. These simple things can help your child learn new words.

**Important Dates**

**March 31-April 4** Week of the Young Child:  
Activity/Dressup
