HOORAY FOR SUMMER!!!

We are having so much fun getting to know our new friends! We are learning new songs, our classroom routines and quickly becoming more independent. We also had fun learning about the ocean and the amazing creatures that live in it.

The month of July brings lots of fun in the sun. Our classroom will dive into the summer season by talking about Independence Day. We will continue the month by looking at all the fun things we are able to do during the summertime. Please send pictures of what YOUR family is doing this summer! This kiddos LOVE sharing about their families.

This Month's Theme

- ❖ Independence Day
- ❖ Summer Fun – Camping, Fishing, Picnics, Hiking and Water Play

Family Connection Activity

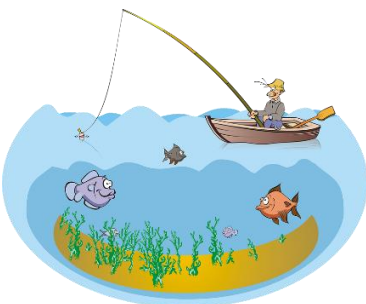

Snack time is a wonderful time to connect with children. A yummy treat to make with your child is a popsicle. An effortless way to do it yourself, if you have some fruit and your choice of juice on hand, is to put the juice and fruit in a small cup. Cover the cup with plastic wrap and poke a straw/spoon/stick into the cup. Place in the freezer and voila! You have a simple yummy snack to enjoy on a scorching summer day!

Reminders

Please be sure to have sunscreen already applied prior to your child's arrival in the morning. We try to get out early and it needs to be applied 30 minutes prior to sun exposure. **THANK YOU** for all you do!

Important Dates

July 4th – Center Closed
