July Happenings

Our focus this month will be all about cooking. To begin the month each child will be making their own personal apron. To celebrate the 4th of July, the children will be preparing a red, white and blue berry treat to enjoy during snack. Throughout the month, we will be preparing a variety of snacks that will allow the children to practice their cutting, measuring and stirring skills. We will hypothesize what will happen when we mix dry and wet ingredients.

Reminders

Please make sure that you apply sunscreen to your child before dropping them off. We go outside right away in the morning. We will reapply throughout the day as needed. Make sure your child has an extra set of clothes in their cubby for the messy moments in our room. Also, please send in a reusable water bottle.

If you have any questions, please don't hesitate to message us through the Procure App or give us a call at 262-723-8391.

Water Day

Each Wednesday in the month of July will be a water day. Weather permitting, our first water day will be Wednesday, July 3rd. Please send a swimsuit, towel, and shoes that can get wet if your child would like to participate in the water fun. For those children who do not want to play in the water, we will have plenty of other outdoor activities.

Family Connection

For a simple and tasty hot summer day treat. Put watermelon chunks into a blender. Blend until slushy. Pour into a disposable cup, add a craft stick and pop it in the freezer. Once frozen remove the cup and enjoy.
